Ziaulhaq Parsa Karimi

Astana, Kazakhstan
Email | GitHub | Portfolio | LinkedIn

Summary

Web Developer with real world experience building responsive and high-performance web applications using React.js and TypeScript. Skilled in component architecture, state-management, and UI optimization, with exposure to agile development and cross-team collaboration. Conducted academic research on ML optimizer stability and led student leadership initiatives in Kazakhstan's capital.

Work Experience

Frontend Developer Intern   **08 2025 – 02 2026**
SanaUp   Astana, Kazakhstan

Built scalable UI features and maintained modern web interfaces with React, TypeScript, and utility-first CSS. Collaborated on cross-functional development cycles using Git version control and Figma-based design. Delivered reusable UI modules adopted across multiple pages, improving consistency of frontend architecture. Optimized component rendering using modern React patterns, supporting smoother user interactions.

Frontend Developer Intern   **06 2025 – 08 2025**
iQadam Systems LLP-Astana   Astana, Kazakhstan

Developed and optimized responsive e-commerce UI modules using React and Redux Toolkit. Participated in structured frontend delivery pipelines with active teamwork and design-to-code implementation. Built responsive layouts aligned with design systems, ensuring cross-device compatibility. Assisted in Redux state management structure for scalable frontend data flow.

Education

Bachelor of Computer Science   **06 2023 – 06 2026**
Astana IT University   Astana, Kazakhstan
Relevant Coursework: Web Development, Software Engineering, Data Structures, Database Systems, SQA, Management

Additional education   **Non-degree Coursework**
Two-years Fine Arts Program, Adult Learning Center (ALC), Samangan, Afghanistan. Two years of Architecture Engineering Studies, Jowzjan University (2021-2022)

Training & Awards

Computer Science   Related only
Scholarship Recipient, Bologna Process Grant **–** Astana IT University | React (Meta/Facebook) | Advanced React (Meta/Facebook) | CCNA Networking Academy – CISCO | International Computer Science Competition (ICSC) | Summer School on Artificial Intelligence – Astana IT University | Internship Reference Certificate — U-Partners | Internship Reference Certificate — iQadam Systems LLP

Skills

- JavaScript | TypeScript
- HTML5 | CSS3
- React.js | Redux Toolkit
- Tailwind CSS | Bootstrap
- React Router | Framer Motion
- Git, GitHub | Figma

Languages

- Uzbek__Native
- English | Dari (Persian)
- Kazakh | Pashto
